

Becker Avionics Celebrating Sixty Years of Product Innovation

February 25, 2016 - Miramar, FL

Becker Avionics is proudly celebrating 60 years of robust products, outstanding customer support and innovative product development.

The Becker Avionics success story started in 1956 at the edge of the airfield in Baden-Baden in the Southwestern part of Germany by Max-Egon Becker. Mr. Becker's passion for aviation and his flair for revolutionary technical solutions identified the corporate culture right from the beginning. Compact architecture, extraordinary robustness and energy saving electronics characterized the devices marked with the blue Becker brand.

Now 60 years later, Becker Avionics has developed a reputation as an audio and avionics innovator and pioneer. The group designs, manufactures, sells and supports a complete range of navigation and communication equipment for Airborne, Air Traffic Control, Mobile and Search and Rescue applications.

Becker Avionics' extensive customer base includes: AgustaWestland, Airbus, ATR, the Austrian Army and Police, British Aerospace, CASA, the Dutch Police, EADS, the Egyptian Navy, the German Air Force, Navy and Army, the German Border Patrol, the German Police, the Indonesian Navy, Pilatus, the Irish Air Corps, the Portuguese Air Force, RUAG, the Swiss Air Force, the US Army, US Air Force, US Navy and US Auxiliary Civil Air Patrol; and Xi'an Aircraft Corporation and many more including firefighting, law enforcement, border security, search and rescue operations worldwide.

Becker Avionics International Group, including subsidiaries, representatives, and a comprehensive network of service centers, is present in all aviation markets. Becker Avionics remains a strong and reliable partner demonstrated by its commitment to innovation, quality and customer support, driving the culture as it did in the beginning.

Becker Avionics will showcase their innovative products during the Helicopter Association International show held at the Kentucky Exposition Center in Louisville, Kentucky, March 1-3. Becker invites all attendees to visit exhibit #1611 during the event and celebrate 60 years of innovation. Becker will be celebrating with free beer in the booth Wednesday, March 2, 1-4 PM. Please join us.

About Becker Avionics

For nearly 60 years, Becker Avionics has developed, manufactured and distributed high-tech communication, navigation, surveillance and search and rescue equipment for airborne and ground applications. Becker is a leader in digital avionics technology, setting the standard in customer-centric, state-of-the-art airborne and ground-based solutions.

Becker has proudly provided world class products for general aviation, ATC, law enforcement, military and OEM organizations including Airbus, Airbus Helicopters, Bell Helicopter, BAE Systems (British Aerospace), ATR, CASA, RUAG, Xi'an Aircraft
