**PRESS RELEASE**  
**FOR IMMEDIATE RELEASE**  
February 28, 2017

**Enstrom Helicopters at Heli-Expo**

What's red and white and flying to the Lone Star state for Heli-Expo? It's the Enstrom TH-180 certification and Flight Test Vehicle. This is our second FTV currently in test mode and ready for HAI. We will be flying into the Dallas Convention Center on Friday morning and it will be on display in the booth March 7-9.

Please visit Enstrom Booth #4517 to see it along, with the 480B and the 280FX. We look forward to meeting you and answering any questions!
