### ***JSSI and Night Flight Concepts Align to Provide Services to Law Enforcement Helicopter Market***

*Heli-Expo 2016 – Louisville, Kentucky* -- Jet Support Services, Inc. (JSSI), the leading provider of hourly cost maintenance programs for the business aviation industry, announced it is working with Night Flight Concepts to offer JSSI Program options as part of a new service created for the Law Enforcement agency market.

JSSI will offer its comprehensive Hourly Cost Maintenance Programs as part of the recently introduced Law Enforcement Air Support Entity (L.E.A.S.E.™) developed by Night Flight Concepts (NFC). Focusing on Law Enforcement agencies looking to upgrade to a new aircraft and operate the latest equipment at a fair cost, NFC will now work with JSSI to also offer coverage for the unpredictable costs of helicopter maintenance.

“We share a passion with Night Flight Concepts to provide Law Enforcement and First Responder helicopter operators with the absolute highest levels of service,” stated Neil Book, President and CEO for JSSI. “As the leader in hourly cost maintenance programs, JSSI will help these life-saving operators not only stabilize their maintenance budget but lower their overall maintenance costs while providing the technical expertise that is found at JSSI.”

Night Flight Concepts CEO Dr. Gordon Jiroux, commented, “We are excited to include JSSI’s programs as a valuable option to our L.E.A.S.E. program. Our clients are always looking for ways to cut costs as well as effectively budget for future maintenance and prepare for unscheduled events. JSSI has such a vast amount of experience in this business as well as the flexibility to cover a broad variety of helicopters. Therefore, it is a great fit for both companies and I look forward to working with the JSSI team.”

**Protection from the high cost of maintenance.®**

Heli-Expo 2016 attendees are invited to learn more about this new relationship by stopping by **JSSI's Booth #6133** and **Night Flight Concepts' Booth #4451**, March 1<sup>st</sup> – 3<sup>rd</sup>. There are JSSI Hourly Cost Maintenance Programs available for approximately 350 different aircraft, covering virtually all business jets, turboprops, and helicopters operating today. For more details about our programs, please contact a JSSI representative at [sales@jetsupport.com](mailto:sales@jetsupport.com) or call them at +1-312-644-4444.

### **About Jet Support Services, Inc.**

For more than 25 years, JSSI has been the only hourly cost maintenance provider covering virtually all makes and models of business aircraft, engines and APUs. JSSI provides its customers with comprehensive, flexible and affordable financial tools for managing the often unpredictable costs of operating and maintaining nearly all types of turbine-powered aircraft, including jets, turbo-props and turbine-powered helicopters. As the creator of the revolutionary Tip-to-Tail® Program, JSSI is the only single source provider of this trademarked service. JSSI serves customers globally and manages maintenance services through its worldwide infrastructure of certified technical advisors.
