

25 July 2016

FOR IMMEDIATE RELEASE

MARK KAUCHAK JOINS BMS

BMS is excited to announce that Mark Kauchak has joined the company as the Vice President, Sales and Marketing beginning 25 July 2016.

Mark comes to BMS with over 30 years of experience working with Defense, Law Enforcement, and First Responder customers around the world. During his career, he has worked with a wide range of platforms and technologies from advanced weapons, missile and radar systems, to unmanned air and ground vehicles.

He most recently served as Director, Sales and Customer Support for Remotec a subsidiary of Northrop Grumman focused on the design, manufacture and support of hazardous duty robotic systems.

BMS is pleased to welcome Mark's strong customer-centric focus to the team, maintaining the excellent customer relationships and programs that BMS has developed over many years while exploring new markets and opportunities.

ABOUT BMS

Broadcast Microwave Services, Inc. (BMS) a StoneCalibre company has over 35 years' experience with full motion, real-time long, range wireless video and data transmission. BMS provides a broad range of components and systems including transmitters, receivers, and tracking antenna systems, developed for the professional broadcast, law enforcement, unmanned aerial vehicle, and government surveillance applications.

BMS's COFDM microwave technology provides reliable, real-time, high-quality wireless performance in even the most challenging environments. BMS systems set the industry standard in performance and quality. BMS Systems include wireless RF camera links, air-to-ground video and data links, point-to-point video and data links, auto-tracking ground antenna systems, relay systems, and portable microwave links for HD video.

BMS Inc., is located in Southern California, USA with Sales and Customer Service operations in Germany.
