X-COPTER TO DEMONSTRATE SIMULATOR IIMC TRAINING IN SAVANNAH

(Prescott, Arizona July 8, 2016) X-Copter will be demonstrating the XC-300R helicopter simulator by performing IIMC training in the ALEA booths #152 and in the X-Copter booth #133. Using the ALEA "IIMC Training Recommendations" syllabus, X-Copter will demonstrate to pilots and TFO's, how simulation can be used to provide high quality and low cost on-site training for Law Enforcement Agencies.

Pilots, TFO's, and Safety Officers are encouraged to come by the ALEA booth #152 or the X-Copter booth #133 and experience for themselves, the capabilities of today's low cost helicopter simulators.

X-Copter LLC sales, engineering and manufacturing center is located in Prescott Arizona. Along with Robinson helicopter simulators, X-Copter also develops semi-custom helicopter training devices as well as performs design and manufacturing services for the helicopter market.

More information on X-Copter can be obtained at www.x-copter.aero or by calling 1-844-926-7837
