

HNZ TOPFLIGHT

'COME FLY IT' EVENT FOR ALEA SAFETY SEMINAR DELEGATES

Level 7 H125/AS350B2 Flight Simulation Training Device (by Frasca)

Now booking 30 min demos between 09:00 and 15:30 on Sept 5
and between 09:00 and 18:30 on Sept 7

The HNZ Topflight Flight Simulation Training Device (FSTD) is open for business at the Edmonton International Airport.

We will be offering demonstration rides during the Edmonton 2017 ALEA Safety Seminar.

To book your demo, please register at the **HNZ Topflight booth** on the tradeshow floor, or contact us at:

simtraining@hnztopflight.com

The Level 7 device is Transport Canada certified and eligible for flight training credit on the Airbus H125 and AS350B2 helicopter variants. The device is at the leading edge of synthetic training technology and offers extensive user defined LOFT scenarios and AS350 emergency procedure training.
